

# Construction Notice

December 21, 2022

## TOWN OF ERIN TWIN FORCEMAINS

Contract: 2022-04W

The section of the twin sanitary forcemains shown in the red box on the map below is anticipated to commence construction January 2023 with the Town's Contractor starting work on Wellington Rd 52 at the Water Resource Recovery Facility making their way to Lion's Club Park. The microtunnelled section will be completed at a later date.

**Anticipated Start Date: January 2023**

**Anticipated End Date: May 2023**

\*Timeline is subject to change.

# Construction Notice

## WORK DETAILS

At the beginning of January 2023, the Town's Contractor will move equipment on-site and prepare the work area before construction begins. Construction crews will then:

- Install sediment and erosion control measures
- Excavate and install twin forcemain pipes
- Complete final site works and restore disturbed areas to original or better condition

## WHAT TO EXPECT DURING CONSTRUCTION

- You may experience inconveniences such as road restrictions, increased truck traffic, dirt on roads, dust and noise. The Town, along with the Contractor, will make every effort to minimize these impacts to the community.
- The Town will not be responsible for damage to any privately owned items on Town or County property.

|   |   |
|---|---|
|  | <p><b>Work Hours:</b> Work will take place from 7:00 a.m. to 5:00 p.m., Monday to Friday. Work after hours or on weekends may be required during the course of construction.</p>  |
|  | <p><b>Traffic Management:</b> Efforts will be made to manage traffic around the work area for the safety of workers, road users and residents. Road users should expect delays on Wellington Road 52 and the south end of Main St. and the side streets around the work area.</p> <p><b>Traffic on Wellington Road 52 and Main St. will be reduced to one lane during the construction period with two-way traffic maintained by flag persons. The lane closure will follow the progress of the work.</b></p> <p><b>Two lanes of traffic will be open over night.</b></p> <p><b>Access to McCulloch Dr. will be closed at both Wellington Rd 52 and Main St. but at different times during the construction period ensuring access to homes along McCulloch Dr. and Aspen Ct. at all times.</b></p> <p><b>Access for emergency vehicles, to properties and pedestrians will be maintained at all times.</b></p> |

**We appreciate your understanding and patience**

## WASTEWATER SERVICING PROJECT BACKGROUND

In August 2019, the Town of Erin completed the Urban Centre Wastewater Servicing Schedule 'C' Class EA process which investigated and determined the preferred Wastewater Servicing solution for the existing residents and future developments within Erin Village and the community of Hillsburgh.

The preferred Wastewater Servicing solution included the following linear infrastructure.

- Sanitary gravity sewer in Hillsburgh along Trafalgar Road
- Sanitary gravity sewer along the Elora-Cataract Trail from Hillsburgh to Erin Village
- Sanitary gravity sewer in Erin Village along Main St.
- Twin sanitary forcemains from the Sewage Pumping Station (SPS) located in Lion's Club Park in Erin Village to the Water Resource Recovery Facility (WRRF).

A map of the work area for the linear works contract can be found on the following page.

Construction of the linear works contract is anticipated to take approximately 16 months to complete with different sections being constructed at different times depending on the area and method of construction. Work is anticipated to start in January 2023 and last until June 2024.
