ERIN VILLAGE GRAVITY SEWER

Contract: 2022-04W

Starting on July 10th, construction of the sanitary gravity sewer construction along Main Street in Erin Village will commence. The construction work will extend along Main Street between the Elora-Cataract Trail and Dianne Road, and along Water Street from Main Street to Hillview Avenue. The sewer installation will utilize microtunneling, a trenchless pipe installation method. As part of this process, microtunneling shafts will be installed at specific locations along Main Street, as indicated on the map provided on the following page.

Prior to shaft installation, utility relocations will be required at certain shaft locations to accommodate the sewer installation. This will involve relocating cables for Bell telecommunications, street lighting, and traffic signals. Once the utility relocations are completed, the installation of the microtunneling shafts will proceed sequentially.

To ensure the safety of workers, road users, and residents, concrete barriers will be in place around each shaft location. Two-way traffic flow will be maintained on Main Street, and road jogs will be implemented where necessary to accommodate the shaft construction.

Lane or road closures may be required on certain local roads to facilitate utility relocation and/or shaft installation, as illustrated in the map of the work area. During this period, properties on the affected local roads can be accessed via Daniel Street or Lion's Park Avenue from Main Street. Access to local homes, businesses, and emergency services will be maintained at all times.

Construction Start: July 10, 2023
Anticipated Completion: September 2024

**Timeline is subject to change.*

WHAT TO EXPECT DURING CONSTRUCTION

- You may experience increased truck traffic, dirt on roads, dust and noise. The Town, along with the Contactor, will make every effort to minimize these impacts to the community.
- The Town will not be responsible for damage to any privately owned items on Town or County property.

	Work Hours: Work will take place from 7:00 a.m. to 7:00 p.m., Monday to Friday. Work after hours or on weekends may be required during the course of construction.
	Open for Business: Local businesses will be open throughout construction. All are welcome! Businesses with any construction-related concerns are advised to contact the Town.

We appreciate your understanding and patience
