## NOTICE OF PARKING CHANGES

The Town of Erin is proposing a change to the current parking restriction on Spring Street.

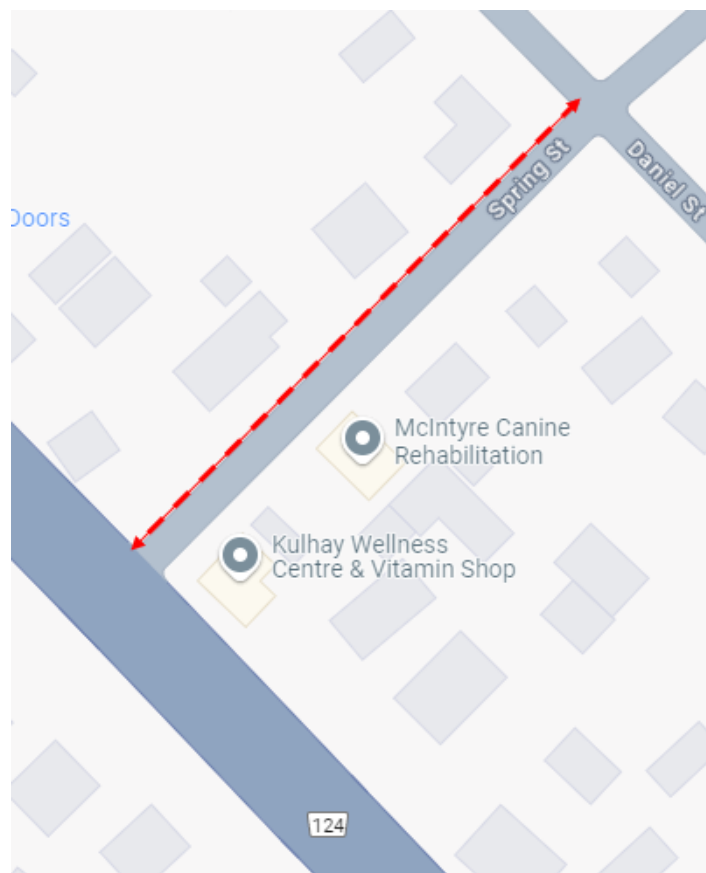

The proposed change is to relocate the current "No Parking" signs along the South side of Spring Street between Main Street and Daniel Street to the North side of Spring Street.

This change is being implemented due to safety concerns for vehicular and pedestrian traffic and accessibility considerations.

The proposed parking change is scheduled to be brought before Council at the Regular Council Meeting on Thursday November 28, 2024.

**Proposed No Parking Zone:** Along North side of Spring Street from Main Street until Daniel Street. See map for details.
